HSC - 52.3%

Thiagarajar Model Higher Secondary school(2018)

SSLC - 75.6%

PROFESSIONAL EXPERIENCE

Python Full stack Developer Intern

Besant Technologies April 2024- present

- Developed and maintained full-stack web applications using Python, SQL, JavaScript, React.js, HTML, and CSS.
- Designed and implemented RESTful APIs to facilitate communication between the front-end and back-end systems.
- Collaborated with senior developers to identify and resolve technical issues, improving overall application performance.

PROJECTS

DEVELOPED HOTEL BOOKING FORM SKILLS - PYTHON

TOOLS - PYTHON IDE (MAY 2024)

A Hotel Booking Form GUI in Python allows users to input booking details such as check-in/out dates, room type, and personal information. It typically utilizes libraries like Tkinter for the graphical interface. The form collects and processes data for booking confirmation or further actions.

DEVELOPED WEB APPLICATION

SKILLS - HTML5, CSS3, JS, REACT JS

TOOLS - VS CODE, ORACLE SQL (AUGUST 2024)

Developed a web application using Python, SQL, HTML, CSS, JavaScript, and React.js. Created an intuitive user interface and integrated it with a robust back-end system through RESTful APIs. Focused on optimizing performance and enhancing user experience while collaborating with the team to meet project goals.
