WORK HISTORY

Assistant Manager Planning

Best Corporation pvt ltd Tiruppur | 2024 July-

Present

- Maintain and monitor the capacity board and track product capacity across factories for a 6-month horizon, ensuring proactive updates to management and merchandising heads regarding open capacity.
- Oversee the line plan in alignment with printing, cutting, embroidery, and finishing schedules across factories, resolving connectivity issues in coordination with procurement and factory teams.
- Identify delay areas and resolve issues to maintain on-time shipment across factories, implementing process changes to avoid future shipment delays.
- Monitor inventories to prevent non-priority orders from being held in-house or at the warehouse, ensuring smooth order flow.
- Streamline the planning board and follow up on additional development requirements by coordinating with the software team for system improvements.
- Collaborate with top management and HR on manpower finalization, driving strategies to maximize workforce utilization and improve productivity.
- Provide regular capacity and planning reports to management for effective decision-making and timely order execution.

Deputy Manager Planning

Korrun India pvt ltd, Srirangapatna, Mysore | 2023 Sep - 2024 July

- Communicated weekly capacity plans to sales team and management, ensuring alignment on resource allocation and priorities.
- Developed and executed weekly production plans based on customer sales data, ensuring alignment with demand forecasts.
- Implemented strategies to optimize factory efficiency, resulting in a 5% increase in production output.
- Led material control initiatives, reducing waste and improving inventory turnover by 2%.
- Monitored daily production activities, identifying and addressing deviations from planned schedules.
- Ensured on-time shipments by coordinating closely with Production and Quality team.
- Managed production forecasting processes, incorporating market trends and customer preferences.
- Implemented inventory control measures to minimize stockouts and excess inventory.
- Collaborated with cross-functional teams to resolve production issues and improve overall operational performance.
