

SUMIT SACHDEV

Senior RPA Developer | UiPath & Power Automate Expert
sumitsachdev20@gmail.com | +91-9923439666 | linkedin.com/in/sumitsachdev20

Professional Summary

Results-driven RPA Developer with 7+ years of experience delivering 60+ end-to-end automation solutions across banking, insurance, energy, and supply chain domains. Proficient in UiPath, Power Automate, Python, and VBA scripting, with a proven track record of saving over 10,000 hours annually through scalable workflow automation, API integration, and system orchestration. Adept at leading cross-functional teams, mentoring developers, and driving digital transformation across the RPA lifecycle.

Key Skills

- RPA Tools: UiPath (Studio, REFramework, Orchestrator), Power Automate (Cloud + Desktop), Automation Anywhere
- Programming and Scripting: Python (Pandas, Camelot, Ghostscript), VBA, SQL, .NET, HTML, CSS, JavaScript
- Tools and Platforms: PowerApps, Git, Azure Devops, SSMS, ServiceNow
- Cloud & AI: Azure OpenAI, Azure Blob Storage, Power Virtual Agents
- Soft Skills & Methodology: Agile, SDLC, PDD/SDD Documentation, Team Leadership, Solution Architecture

Certifications

- UiPath Certified Advanced RPA Developer
- Microsoft Certified Power Automate RPA Developer
- Automation Anywhere Advanced RPA Professional

Professional Experience

LTIMindtree — Senior RPA Developer

Feb 2022 – Present

Clients: Microsoft, Chevron, Core & Main.

- Led the end-to-end development of 6+ RPA solutions using UiPath REFramework, improving document processing and data extraction workflows by 60%.
- Developed chatbot using Power Virtual Agent, Azure OpenAI, and Power Automate, enhancing internal query resolution time by 45%.
- Built Python scripts (Camelot + Ghostscript) to extract tabular data from PDFs, reducing manual reporting efforts by 70%.
- Integrated real-time and EOD financial data using REST APIs, enabling daily automated reporting for finance teams.
- Spearheaded architecture design, technical documentation (PDD/SDD), and project estimations for enterprise-level RPA solutions.
- Mentored a team of 4+ developers, conducted code reviews, and resolved complex production issues in under 2 hours, ensuring smooth business continuity.
- Conducted client demos and sprint reviews, ensuring transparency and alignment throughout Agile development.

MIBA — RPA Developer

Dec 2020 – Feb 2022

Client: MIBA AG.

- Delivered 4+ RPA projects independently using UiPath, automating invoice processing, forecasting, and SharePoint updates.
- Created PowerApps tool adopted by 30+ users, streamlining SharePoint data uploads and improving data accuracy, increasing adoption by 50%.
- Managed organization-wide VMs and deployment infrastructure, optimizing bot runtime scheduling.
- Designed reusable UiPath utilities for MIBA's automation suite, reducing development time by 20%.
- Proactively identified and resolved production bugs, maintaining 99.8% bot uptime across projects.

QualyVal — RPA Developer

Sep 2018 – Nov 2020

Clients: Fendi, NTT Data.

- Delivered 25+ end-to-end automation projects as sole developer, saving 3,500+ manual hours annually.
- Created a Darknet environment in Google Colab for ML experiments using YOLO for image recognition prototypes.
- Built custom automation tools with Perfect Automation & batch scripting, helping clients run bots without Orchestrator.
- Acted as primary client liaison, managing stakeholder communication, documentation, and bot deployment support.
- Developed client-facing websites using HTML, CSS, GraphQL, and VueJS to expand service offerings.

Education

- Bachelor Of Engineering – Information Technology, Thadomal Shahani Engineering College (2014 – 2018)
- Post Graduate Diploma (PG Diploma) in Educational Technology, Indira Gandhi National Open University, 2020–2021

Awards

- LTIMindtree Excellence in Delivery Award (2025)
- LTIMindtree Cheers Award (2023)
- VM Guardian – MIBA (2021)
- Employee of the Month – QualyVal (2019)
- QualyVal Pat on the back (2020)
