PROFESSIONAL SUMMARY

Dedicated, results-driven, and detail-oriented professional with a solid work ethic and a strong commitment to continuous improvement. Eager to contribute to a dynamic manufacturing environment by leveraging technical expertise, hands-on experience, and effective problem-solving skills to optimize production processes, uphold quality standards, and drive operational efficiency and growth.

CORE COMPETENCIES

- **Technical Proficiency in Manufacturing Processes**

Skilled in understanding and applying various manufacturing techniques and tools to ensure efficient production, minimize downtime, and maintain high-quality output.

- **Commitment to Safety and Quality Standards**

Thorough understanding of workplace safety protocols and quality control practices, ensuring compliance with industry regulations and consistent delivery of reliable products.

PROJECT & CONTRIBUTIONS

- **Project Name: Smart Sched – College Timetable Generator**

An automated system designed to efficiently generate and manage college class schedules, minimizing conflicts and optimizing resource allocation for students and faculty.

INTERESTES

- I have a strong interest in understanding and optimizing manufacturing processes.
 - I'm particularly focused on improving efficiency, ensuring consistent quality, and applying lean production techniques.
-

SKILLS

Technical Skills

MS Office
Tally Finance Management
C Programming
Java Script

Soft Skills

Good Communication
Team Work
Time Management
Adaptability

LANGUAGE KNOWN

English
Tamil

EDUCATION

Bachelor of Computer Applications

Madurai Kamaraj University, Madurai
