## Career Vision

---

Detail-oriented and proactive Junior Planner with 3 years of experience in planning and coordinating tankage projects for fertilizer and chemical facilities, along with hands-on expertise in fabrication and piping for desalination plants. Skilled in project scheduling, work breakdown structures, progress tracking, and resource management. Adapt at collaborating with cross-functional teams to meet safety, quality, and timeline objectives.

## Work Experience

---

### Junior planner |Tech-sharp Engineers 2022-2024

- Developed and maintained project schedules for tank fabrication and assembly in fertilizer and chemical plants, ensuring timely resource allocation and work execution.
- Coordinated with engineering, procurement, and site teams for work breakdown structure (WBS) development and schedule integration using Primavera P6.
- Assisted in planning and sequencing piping and fabrication activities for large-scale desalination plant projects.
- Generated weekly and monthly progress reports, using critical path analysis to flag risks and recommend corrective actions to project managers.
- Supported safety compliance by planning activities per industry standards and site-specific HSE requirements.
- Maintained the project baseline and issued look-ahead schedules to field teams, improving on-time completion rates.

### Production Engineer | Hifit elastomers pvt Ltd 2020-2022

- Operated production machinery to ensure efficient manufacturing processes.
- Monitored production lines for quality control and compliance with standards.
- Collaborated with team members to troubleshoot equipment issues promptly.

### Design Intern | Roots India 2018-2020

- Assisted in creating innovative design concepts for sustainable products.
- Collaborated with team members to refine design prototypes and user experiences.
- Conducted research on current market trends and consumer preferences for design inspiration.

## Education

---

M Kumarasamy college of Engineering, Karur  
Bachelor of Engineering - Mechanical Engineering

2014-2018

Kendriya Vidyalaya, Dindigul

2014

## Software Skills

---

- Primavera P6
- Solidworks
- Creo 3.0
- CATIA

## Personal skills

---

- Problem solving
- Communication
- Project management

## Languages known

---

- Tamil
- English
- Hindi
