Results-driven Civil Engineer with expertise in surveying and site management, ensuring project compliance and quality. Proficient in interpreting plans, conducting assessments, and coordinating with teams for successful project delivery.

Skills

AutoCAD Total station

Work Experience

Surveying
SVR digital surveying
Chennai
Aug 2019 - Sep 2021

AutoCAD Total station

- **Conducted precise column marking** for construction projects, resulting in enhanced structural integrity and adherence to design specifications.
- **Collaborated with multidisciplinary teams** to ensure effective communication and execution of survey plans, leading to increased efficiency and reduced project timelines.
- **Utilized advanced surveying technology** to capture accurate data, which significantly improved project accuracy and minimized rework costs.
- **Developed comprehensive survey reports and documentation** that provided critical insights for project stakeholders, enabling informed decision-making and streamlined operations.
- **Led training sessions for junior engineers** on best practices in column marking, fostering knowledge transfer and improving overall team competency.

Projects

Shopping Mall
Kalasa Lingam University

Jan 2019 - Apr 2019

AutoCAD Site work

- Led the design and development of a shopping mall project as part of my college curriculum, resulting in enhanced collaboration skills and practical experience in architectural planning .
- Conducted market research to identify consumer preferences and trends in shopping environments, leading to the incorporation of targeted features that increased potential customer engagement .
- Managed budgeting and resource allocation for the project, ensuring cost-efficient solutions that maximized project viability and sustainability .
- Collaborated with team members to present the final project proposal to faculty and stakeholders, achieving high praise for innovative design and strategic vision .
- Utilized software tools for 3D modeling and design simulations, which improved visual presentation and stakeholder understanding of the project concept .

Education

Diploma Civil Engineering
Kalasalingam University
Jun 2017 - May 2019
Civilengineer
Score - First Class
