Batlagundu, Dindigul

## SUMMARY

---

Front-End Developer with 1 year of experience building scalable and responsive web applications using React.js, Redux, and modern JavaScript (ES6+). Experienced in API integration, performance optimization, and cross-browser compatibility. Passionate about creating clean UI and improving user experience.

## TECHNICAL SKILLS

---

- **Frontend:** React.js, Redux, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap
- **Tools:** Git, GitHub, Webpack, Chrome DevTools
- **API:** REST APIs, Axios
- **UI Tools:** Figma, Adobe XD
- **Others:** Formik, Yup, React Router, Context API

## EXPERIENCE

---

- **Front End Developer – Particle Black Pvt Ltd | Aug 2024 – Apr 2025**
- Developed real estate web application using React.js and Redux
- Integrated REST APIs for dynamic data rendering
- Implemented form validation using Formik and Yup
- Improved page load performance by optimizing components
- Collaborated with backend team using Git workflows

- **Front End Developer Intern – Wise Learnz Source | Mar 2024 – Apr 2024**
- Built responsive landing pages using HTML, CSS, SCSS, Bootstrap and React
- Enhanced UI flow and improved cross-browser compatibility
- Worked closely with design team to convert Figma designs into production-ready code

## PROJECTS

---

- **PropStream – Real Estate Management Platform**
- Developed and maintained a real estate web application (PropStream) using React.js and Redux Toolkit
- Built dynamic property listing modules with advanced filtering (location, price, property type)
- Integrated REST APIs for property data, user authentication, and dashboard analytics
- Implemented protected routes and role-based access control for Admin and Agents
- Designed reusable UI components to ensure scalable and maintainable architecture
- Optimized application performance using lazy loading and code splitting
- Implemented form validation using Formik and Yup for property submissions
- Ensured responsive design across desktop, tablet, and mobile devices
- Collaborated with backend team for API integration and feature enhancements using Git workflows

## EDUCATION

---

Master of Computer Applications (MCA) | Anna University | 2022 – 2024

B.Com with Computer Applications | Madurai Kamaraj University | 2018 – 2021
