

## SUMMARY

---

Creative and detail-oriented UI/UX Designer (Fresher) with a strong foundation in front-end development and user-centered design principles. Skilled in designing intuitive, responsive, and visually appealing interfaces using Figma and Adobe XD. Passionate about improving user experience through research, wireframing, prototyping, and usability testing. Bringing hands-on experience in translating design concepts into functional web applications using modern frontend technologies.

## UI/UX SKILLS

---

### Design Tools:

- Figma
- Adobe XD
- Photoshop
- Adobe Illustrator
- Adobe Premier pro

### UI Design:

- Wireframing
- High-Fidelity Mockups
- Responsive Design
- Design Systems
- Typography & Color Theory

### UX Design:

- User Research
- User Persona Creation
- User Journey Mapping
- Information Architecture
- Usability Testing

### Technical Knowledge:

- HTML5, CSS3
- Responsive Layouts
- Cross-browser Compatibility
- Design-to-Code Implementation

### Prototyping:

- Interactive Prototypes
- Low & High Fidelity Prototypes

## EXPERIENCE

---

- **Front End Developer – Particle Black Pvt Ltd | Aug 2024 – Apr 2025**
- Developed real estate web application using React.js and Redux
- Integrated REST APIs for dynamic data rendering
- Implemented form validation using Formik and Yup
- Improved page load performance by optimizing components
- Collaborated with backend team using Git workflows

## PROJECTS

---

- **PropStream – Real Estate Management Platform**
- Developed and maintained a real estate web application (PropStream) using React.js and Redux Toolkit
- Built dynamic property listing modules with advanced filtering (location, price, property type)
- Integrated REST APIs for property data, user authentication, and dashboard analytics
- Implemented protected routes and role-based access control for Admin and Agents
- Designed reusable UI components to ensure scalable and maintainable architecture
- Optimized application performance using lazy loading and code splitting
- Implemented form validation using Formik and Yup for property submissions
- Ensured responsive design across desktop, tablet, and mobile devices
- Collaborated with backend team for API integration and feature enhancements using Git workflows

## EDUCATION

---

Master of Computer Applications (MCA) | Anna University | 2022 – 2024

B.Com with Computer Applications | Madurai Kamaraj University | 2018 – 2021
