## Summary

I am a passionate Design & Product Development professional with over 20 years of experience in the fashion & apparel industry, including 6 years of specialization in kidswear design and development and experience in intimate wear categories.

Expertise in managing the end-to-end product lifecycle—from trend research and concept development to sourcing, sampling, and final production. Skilled in creating trend-driven, functional, and commercially successful collections aligned with consumer needs.

Skilled in managing the complete product lifecycle—from concept development, design, and material sourcing to production and final delivery—while ensuring quality, cost efficiency, and timely execution. Known for a strong eye for detail, innovation in design, and the ability to align products with evolving market demands.

A collaborative leader who works effectively with cross-functional teams, vendors, and stakeholders to deliver high-quality, trend-driven collections that enhance brand value and customer satisfaction.

My focus has always been on creating designs & Product outcome that are both aesthetically appealing and technically sound.

## CORE SKILLS

## Experience

### MAS Holdings

Design & product development (Trent Mas Fashion Pvt Ltd) MAS INDIA

July 2024 - Present (1 year 9 months)

Chennai

- Currently working as Design & Product Development at Trent MAS Fashion Pvt. Ltd. (MAS India), a TATA–MAS joint venture, with strong exposure to end-to-end product creation including design development, materials, trims, and technical execution.
- Collaborate closely with cross-functional teams such as Product Development, Merchandising, Technical, Sourcing, and IE to manage timelines, analyse trends, and convert design intent into commercially viable products.
- Conduct trend research and domestic & international brand market analysis using Brand Wall to identify product and category opportunities aligned with consumer preferences.
- Actively involved in brainstorming sessions and seasonal concept development for new ranges across multiple brands.
- Played a major role in design execution by contributing approximately 75% of the total design workload, delivering 150+ design sketches with multiple style variations and detailed CAD and Tech Pack documentation.
- Worked across brands including Wunderlove, Superstar, Style Up (OWND), and Zudio, covering seasons SS25, AW25, SS26, AW26, with SS27 concept and design currently in progress.
- Performed cup comparison and analysis studies in intimate wear to support informed decisions on shaping, comfort, and support.
- Actively participated in fit sessions, ensuring fit accuracy, consistency, and high product quality.
- Worked closely with the technical team by providing clear construction details, refinement inputs, and technical solutions.
- Created detailed and accurate Tech Packs, including construction details, stitch lines, and specifications for smooth sampling and production.
- Collaborated with IE and Merchandising teams to achieve target MRPs through cost-efficient design modifications without compromising quality.
- Developed customer-facing presentation decks including sketches, swatches, concepts, and product stories for Sketch & Swatch presentations and Concept Proposal Meeting
