Achievements

Page Industries Ltd, Bangalore.

In Page industries we give load to 1100 machines by using Three Spreadrs, One Lectra cutter and Eight Manual Lay table.

Handle Jockey and Speedo brands Inner wears and Outer wears.

In Page industries we are following roll management system in cutting & Fabric inspection. In this system we are check each and every roll in Dia & Gsm. Based on that we make CAD and allocate the fabric to order. Due to this we achieved production improvement and consumption saving.

In Page industries manual laying method we used by manual trolley for production improvement for laying, in this method production increased from 3.5 mtrs/mins to 4 to 4.5 mtrs/mins.

We follow fabric to cutting by using barcode system by using SAP. This is help-full to easy tracking to WIP and easy to daily cutting plan.

Linea Fashion (India) Pvt Ltd.

In Linea we give load to 450 machines by using two spreaders and one Herber cutter.

Handling Victoria Secret and CAP Buyer for Ladies Inner wear and Men's Inner wear.

In This unit we follow An don system by Production monitoring,its helping to quickly solving Sewing modules requirement and attend the issues and solve immediately.

In this unit we use SAP Bar code system for control WIP in each stage and Tracking accountability.

we introduce and follow for Kanban system in cut parts stock maintenance, this system very useful to control cutting inventory stock and feed to line without stoppage.

Acer Designers

In Acer Designer is Centralized Cutting Unit we give loading to 1600 machines by using Eight Auto spreader and Three auto cutters(Lectra-2 and IMA).

Here produce So many Buyers like DXL, Hugo Boss, PUMA, Costco, Hanes,Bella Canvass,Li&Fung,. I Handled with DXL, Hugoboss and PUMA.

In Acer Designer we introduced Tubular body T-Shirt cut by Auto cutter by using Q-Turn machine. In this method based on fabric dia used by turning frame for laying. After this implementation contract man power reduced.

Penguin Apparels

In This unit we give loading to 450 machines by using One Auto spreader and One Lectran Cutter and Two Manual tables.

Here handling with Vineyardvines, Villar Vala, Tentree, CWF, Timberland, Bearbottom, Ergobaby and Polo.

This is fully newly started plant here trained and execute by all our teamwork and efforts.

Here we introduce various cutting techniques and Bundling techniques by pre planning.

Example Once Complete the Lay we prepare Bunling slip and Bundling cards before start the Bundling.

Here we using Optitex and Lectra CAD software by using Markers Making, Costing Consumption workout and get buyer approval by me and Our team Only.
